VISION OF WORK

250 words

Your vision of work

A work vision addresses the critical issues regarding what work is and means to you. It's not just a list of what you want from or without work, but a general explanation of your view of work. It's your definition of what good work deserves to be. A work overview can answer questions such as:

- Why work?
- What is work for?
- What does it mean?
- How does it relate to the individual, others, society?
- What defines good or valuable work?
- What does money have to do with it?
- What does experience, growth and fulfilment have to do with it?
- What about impact and scale?
- How success relates to what is or is not "good work"
